

Component #2: “P.I.C.” Workshops

The P.I.C. Workshops address special issues. The workshop topics are geared to current needs and issues staff recognize in the lives of the program participants.

These topics are given extra emphasis through these specialized workshops. Examples of these workshop topics are: Helping Your Child Succeed In School and P.S. I Love You (Parenting Class).

The P.I.C. Program presents a minimum of four (4) workshops each year.
