

Component # 4: Summer Program

The Summer Program is designed to keep the youth off the streets, occupied with positive activities, involved in a controlled/supervised environment and exposed to positive peer experiences during the summer months. This component also allows additional educational initiatives and is offered for a total of eight (8) weeks during the summer. The initial six (6) weeks of the program are offered four (4) days a week and include one (1) hour of our Summer Reading Program and one and one-half (1 ½) hours of “Life Skills Class, “How Rude”, “Start Something” or “Steps To Freedom”. Of course we always manage to squeeze in time for food, games and recreation and even an appropriate movie now and then. The Summer Program also includes a three (3) day Summer Camp at a beautiful encampment facility.
