

Component # 5: Summer Reading Program

Most of our participants need assistance in the area of “reading skills”. Our program specifically addresses this need during the Summer Reading Program. The program participants attend one (1) hour of reading class four (4) days a week during six (6) weeks of the summer. The Reading classes are designed to improve the participants’ reading and comprehension skills and TAXS test mastery. During the two (2) final weeks of the Summer Reading Program we address the topic of Study Skills, with the participants attending one (1) hour of Study Skills training four (4) days a week.
